

Overview of Revised Standard Tier requirements

In summary, those responsible for Standard Tier premises must:

- **Notify the Regulator that they are, or have become, responsible for premises within scope of the Bill (and so subject to the relevant requirements).** This remains broadly in line with previous requirements.
- **Have in place procedural measures that could be expected to reduce, so far as reasonably practicable, the risk of physical harm to individuals at the premises in the event of an attack.** These relate only to the procedures to be followed by people working at the premises in the event of an attack occurring or being suspected as about to occur. Details on the procedures required are set out at paragraph 22. As the procedural measures are about procedures for responding to an attack or suspected attack, it is not expected or required that physical alterations be undertaken or additional equipment purchased for Standard Tier premises.
- In contrast to the published draft Bill, there is **no requirement to complete a specified form (the 'Standard Terrorism Evaluation') for Standard Tier premises or ensure that people working at the premises are given any specific training.** However, as part of putting in place the procedural measures, workers will need to be sufficiently instructed or trained to carry them out effectively.
